- The *EdBoost* project supply store sells supplies for school projects (such as poster board, diorama boxes, magnets for science projects, Styrofoam balls, feathers, pipe cleaners, etc.). In order for students to be able to work on their school projects during Homework & School Project Assistance, we recommend that parents purchase a "pre-paid credit line" toward school project supplies. Then, when a student needs a project supply during the afternoon, the money is already available, and the parent doesn't have to come to the Center to pay for the supply. The money is refundable in full to the parent at any time.
